- Gift Vouchers

Gift vouchers can be ordered for any amount (GBP £). You will be supplied with a gift voucher and a unique code number. The vouchers can be redeemed online (simply type the code number into the box at checkout) or by mail order (please quote code number and deduct value of voucher from the total).

- Delivery charges

**PLEASE NOTE: delivery charges are calculated by weight for online orders but it is not possible to replicate the calculations here.**

**To get an accurate quote for postage you can either email us at [info@thermofaxscreens.co.uk](mailto:info@thermofaxscreens.co.uk) OR you can go to the website, select the items you wish to order as if you were going to order online. You can see what the postage should be and then delete the order.**

**Alternatively you can use either of the tables below as a guide. If this results in an overpayment (eg for a high value but lightweight order) the delivery charge will be amended when the order is processed. For credit / debit card payments, this simply means you will be charged less; for Paypal payments a Paypal refund will be made; for BACS / cheque payments any refund would be in the form of a credit note. Please note, you will never be charged more than the amounts listed below and details will be on the invoice.**

<b>Standard delivery</b> to your home or other specified address – parcels under 2kg will be sent Royal Mail 1 <sup>st</sup> or Royal Mail airmail. Parcels over 2kg will be sent by courier.

- Delivery methods

Standard delivery for orders up to 2kg is Royal Mail First Class for UK orders and Royal Mail Airmail for EU and the Rest of the World. Tracking is not available for these services.

Orders weighing over 2kg to UK, EU and the Rest of the World will be despatched by one of the national carriers. Tracking numbers for these deliveries will be emailed to you.

You may choose to have your order delivered to a UPS Access Point. These are typically located in local stores and are an economical choice for heavy orders. They are also convenient if you are unable to be at home to receive your order (most orders will be too big to go through a standard letter box).

- Despatch times

Orders are processed as quickly as possible. Most orders will be processed within 2-3 working days. We will advise you of any undue delay in processing. Delivery times will depend on destination and method of despatch.
